

# HOLE 1

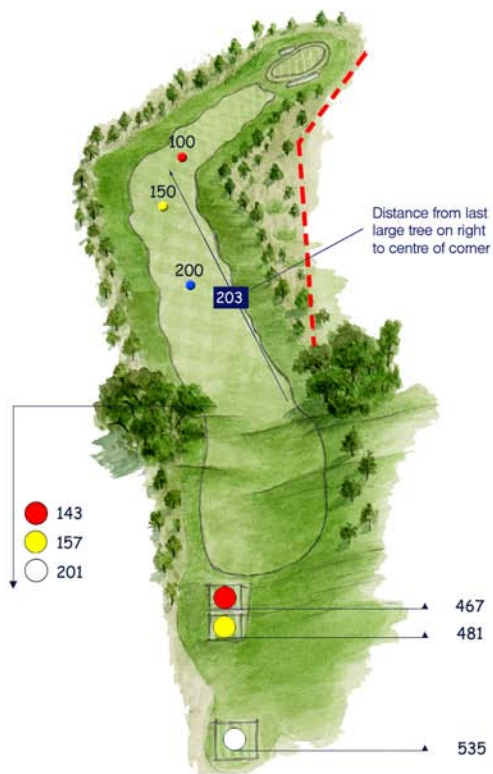

**Pro's Tip:** Don't be deceived by its yardage, This is a tough opener. Placement beyond the mounds in the fairway will leave a mid to short iron. Be bold to avoid two front bunkers.

● 330 yards	PAR 4
● 339 yards	PAR 4
○ 356 yards	PAR 4

All yardages shown are to the centre of the green

# HOLE 2

**Pro's Tip:** Dog leg par 5 with out of bounds left and right! A good drive followed by a lay up to the corner will leave a pitch to the green, which falls away from front to back.

Red	467 yards	PAR 5
Yellow	481 yards	PAR 5
White	535 yards	PAR 5

All yardages shown are to the centre of the green

# HOLE 3

**Pro's Tip:** A long or mid iron to a two level green checking the flag colour for placement. Mounding at the back will stop the long shot but beware of bunkers left and right.

●	153 yards	PAR 3
●	161 yards	PAR 3
○	170 yards	PAR 3

All yardages shown are to the centre of the green

# HOLE 4

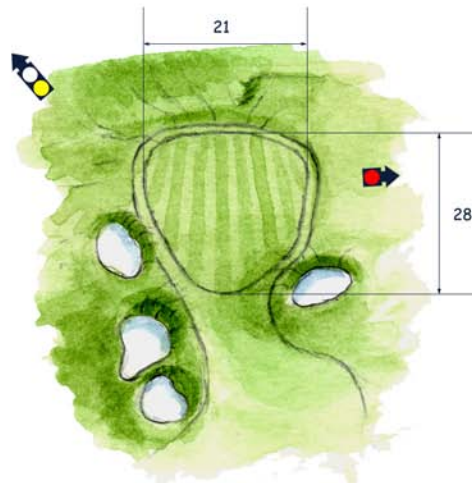

**Pro's Tip:** Slight dog-leg left. Drive just right of the tree in the fairway. Mid iron to green avoiding bunkers left and right. Beware of missing the green to the left.

● 330 yards	PAR 4
● 360 yards	PAR 4
○ 370 yards	PAR 4

All yardages shown are to the centre of the green

# HOLE 5

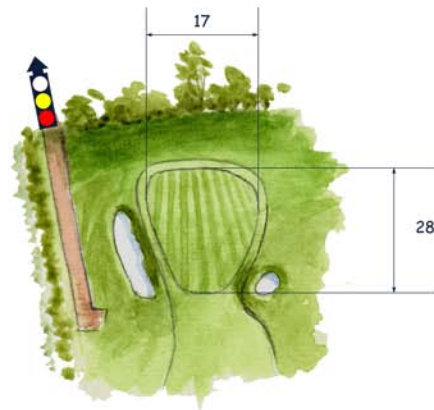

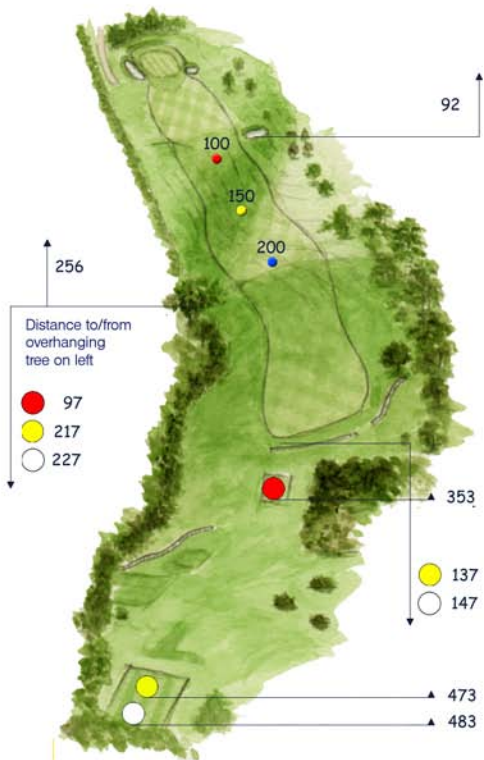

**Pro's Tip:** Blind tee shot, but with a generous fairway and usually played down wind, this makes a real birdie chance. Long hitters avoid the bunkers short and left of green.

● 315 yards	PAR 4
● 346 yards	PAR 4
○ 358 yards	PAR 4

All yardages shown are to the centre of the green

# HOLE 6

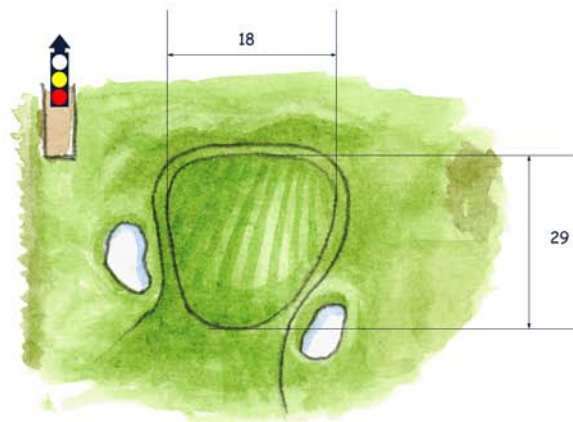

**Pro's Tip:** Long uphill par 5 with a really tough tee shot. Out of bounds left, ditch short and trees on the right. Lay up short of fairway bunker on the right and pitch up to a generous green. A real three shotter!

● 353 yards	PAR 4
● 473 yards	PAR 5
○ 483 yards	PAR 5

All yardages shown are to the centre of the green

# HOLE 7

**Pro's Tip:** Tough, long par 3 with a low stroke index for good reason. A good wood shot, or driver in some cases, to the hardest green on the course. Few putts are straight on this hole

● 198 yards	PAR 3
● 205 yards	PAR 3
○ 213 yards	PAR 3

All yardages shown are to the centre of the green

# HOLE 8

**Pro's Tip:** A testing par 4 with fairway bunkers down the left. A good drive to the marker will leave an inviting second to a large green that slopes back left to front right. Deep bunker on right and out of bounds at back to be avoided.

● 406 yards	PAR 5
● 418 yards	PAR 4
○ 427 yards	PAR 4

All yardages shown are to the centre of the green

# HOLE 9

**Pro's Tip:** A driveable par 4 for the long hitters but trouble lurks with out of bounds and lateral hazard down the left. The green slopes front to back throwing balls to the back and beyond!

● 281 yards	PAR 4
● 281 yards	PAR 4
○ 287 yards	PAR 4

All yardages shown are to the centre of the green

# HOLE 10

**Pro's Tip:** Another testing, long par 4. Blind drive over the hill. Long hitters beware of the ditch that runs across the fairway. A long second to a well bunkered, elevated green with large uphill slope at front

● 335 yards	PAR 4
● 381 yards	PAR 4
○ 416 yards	PAR 4

All yardages shown are to the centre of the green

# HOLE 11

**Pro's Tip:** A shortish par 5 with the ditch again crossing the fairway within range of long hitters. Blind downhill second to a flattish green leaves a good opportunity for a birdie.

● 434 yards	PAR 5
● 480 yards	PAR 5
○ 503 yards	PAR 5

All yardages shown are to the centre of the green

# HOLE 12

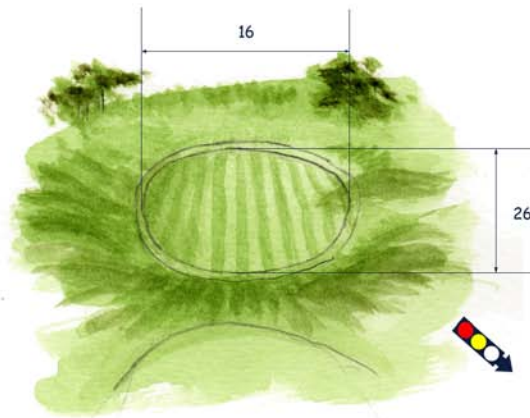

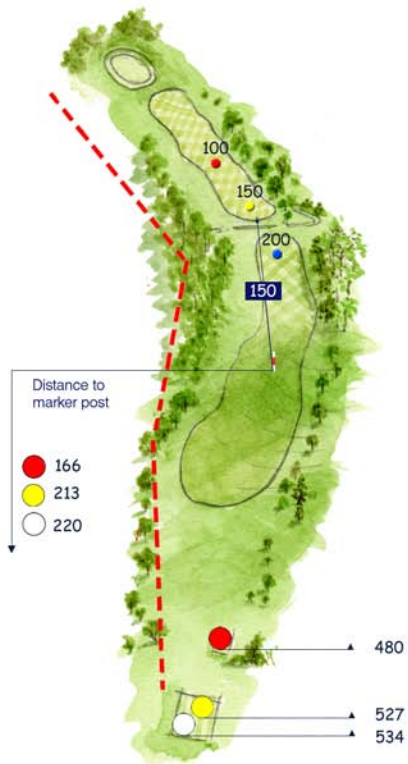

**Pro's Tip:** From the white tee this index one hole must play like one of the longest par 4s in Yorkshire. A ditch and fairway bunker must be avoided with your drive. A generous fairway awaits for a long iron into a long narrow green with a higher level at the back.

Red circle	396 yards	PAR 5
Yellow circle	403 yards	PAR 4
White circle	477 yards	PAR 4

All yardages shown are to the centre of the green

# HOLE 13

**Pro's Tip:** A real three shot par 5. Drive to top of the hill, then lay up to that ditch again! Beware out of bounds down the left in the trees. Always a semi blind shot to the green set in basin, and therefore the flag colour is important.

● 480 yards	PAR 5
● 527 yards	PAR 5
○ 534 yards	PAR 5

All yardages shown are to the centre of the green

# HOLE 14

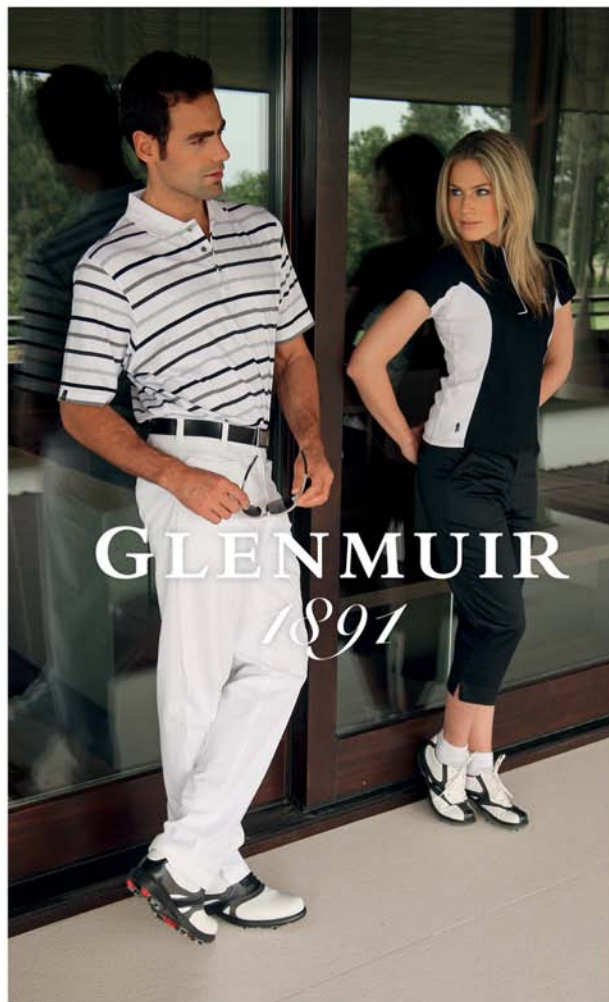

**Pro's Tip:** Accurate tee shot with a mid iron to a pear shaped green. Bunkers at front left and right. Always better to play towards fat of green.

 148 yards	PAR 3
 163 yards	PAR 3
 175 yards	PAR 3

All yardages shown are to the centre of the green

PONTEFRACT & DISTRICT GOLF CLUB

# HOLE 15

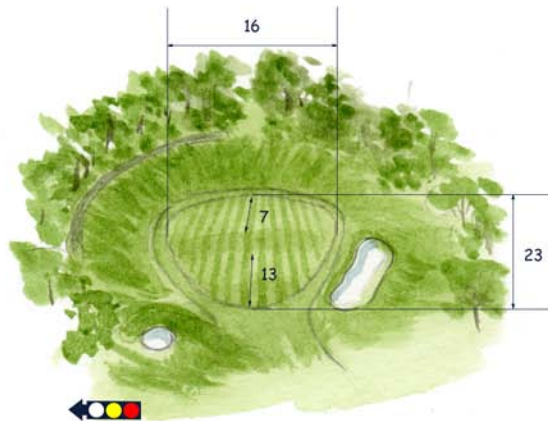

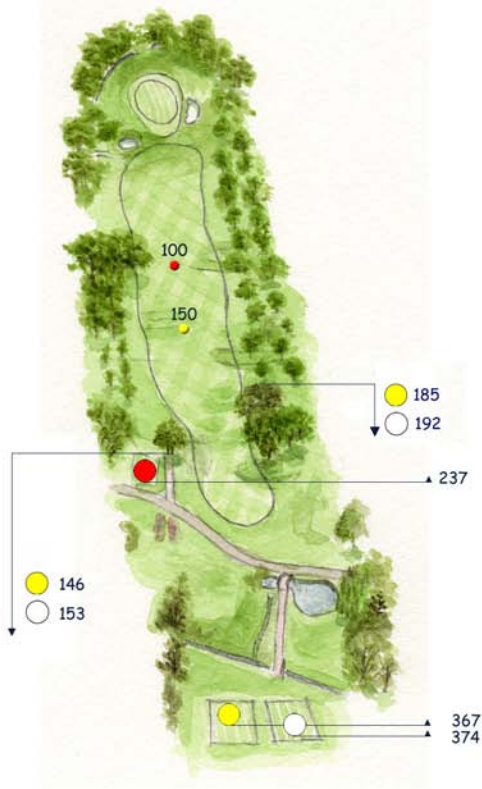

**Pro's Tip:** A short par 4 with a well bunkered green. Long hitters must avoid a well placed fairway trap just short of the green. A real birdie opportunity!

<span style="color: red;">●</span> 274 yards	PAR 4
<span style="color: yellow;">●</span> 293 yards	PAR 4
<span style="color: white;">○</span> 301 yards	PAR 4

All yardages shown are to the centre of the green

# HOLE 16

**Pro's Tip:** The start of Pontefract's 'sting in the tail'! This is a real cracker of a par 4. Played uphill into a prevailing wind with a tight fairway and a two level green, sloping from back to front, it is the course's most challenging hole.

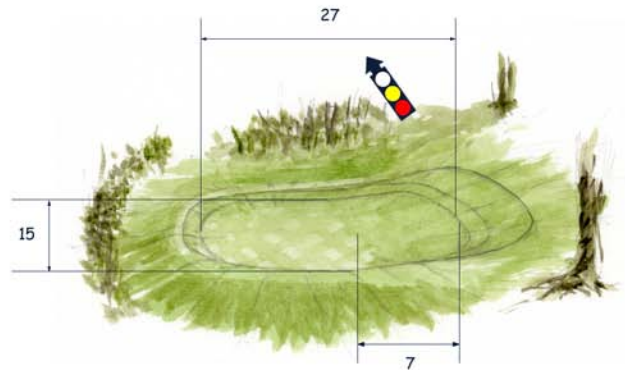

● 237 yards	PAR 4
● 367 yards	PAR 4
○ 374 yards	PAR 4

All yardages shown are to the centre of the green

# HOLE 17

165  
175  
183

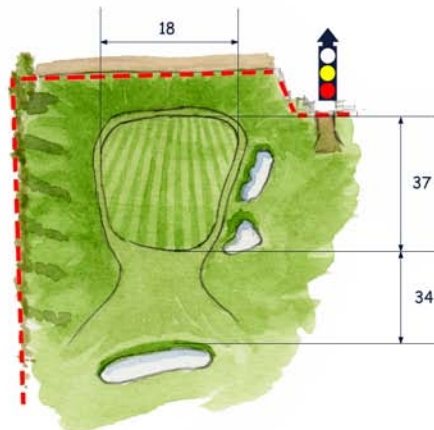

**Pro's Tip:** Trouble lurks all around on this downhill par 3 over the firs to a basin green that is longer than it looks from the tee. The ball generally runs on from the apron and is difficult to stop.

●	165 yards	PAR 3
●	175 yards	PAR 3
○	183 yards	PAR 3

All yardages shown are to the centre of the green

# HOLE 18

**Pro's Tip:** Straight uphill par 4. Good drive over the dip will leave a mid iron to a big green with a slope running from back to front. Try to leave yourself a final uphill putt for glory!

● 318 yards	PAR 4
● 344 yards	PAR 4
○ 357 yards	PAR 4

All yardages shown are to the centre of the green
